

Are you...

- Between the ages of 18 and 45 years with sickle cell disease who **has not been** seen by any sickle cell provider outside the emergency department or urgent care setting in **at least one year**

And...

- Not getting recommended routine sickle cell screenings

We would like to speak with you for about 30 minutes to ask about what helped or got in the way of your sickle cell care.

You will receive a \$50 Target Gift Card for taking part!
